Growth Grants

for Amplifying Impact

In addition to Seed Grants, Glimmer|Austin provides several Growth Grants ranging from \$25,000 - \$50,000 to existing Glimmer Partners.

6 Growth Grants were administered throughout 2020

Focusing on Glimmer|Austin's mission of alleviating food insecurity, poverty, and the woes of those experiencing homelessness, the following organizations are included in the 2020 Growth Grant cycle:

Casa Marianella
Central Texas Table of Grace
Foster Village
Get Shift Done Austin
Street Youth Ministry
The Other Ones Foundation

Esperanza Community

Glimmer|Austin has been working with The Other Ones Foundation (TOOF) at Esperanza Community (formerly Camp Esperanza). We brought IKEA designed refugee shelters that are being used overseas in Europe to the Austin Community. Initially, four units were purchased to pilot the program, and a total of forty-eight have been purchased to date. G|A is also providing employment opportunities to the residents that are building the Better Shelter units on-site.

Camp Glimmer Experience at Candlelight Ranch

.....

In 2020, Candlelight Ranch offered over 250 youth and their parents an opportunity to get outside and attend summer camp in order to escape the lockdown of the COVID – 19 pandemic. With G|A's support, Candlelight provided safe, individualized family adventures created to help campers explore, learn, and experience the outdoors. One mother expressed her thanks saying "This day together was salvation for our family! Being out with nature has restored our hope, in the midst of all this fear." Candlelight welcomed families from Austin Angels, Jeremiah Program, Central Texas Table of Grace, Foster Angels, Kids in a New Groove, Todos Juntos and Central Texas Tennis Association.

"You are helping to create bonds and the best part is that they also get to know that there is an amazing community of supporters behind them who see them and help make memories like this possible! We love you! And we are forever grateful for you!"
